KJA for Community Engagement in *Broken Hill 2030*

Broken Hill City Council engaged KJA, in partnership with Blackadder Associates, to develop the City's long-term Community Strategic Plan, identifying the challenges facing the community over the next 20 years and developing strategies to ensure the City continues to grow and prosper.

KJA designed and implemented a comprehensive community and stakeholder engagement program, providing a range of opportunities for people to have their say about the future of Broken Hill. The engagement program included open invitation community workshops, targeted stakeholder workshops, a community survey and an online forum.

The outcomes of the community and stakeholder engagement program directed informed a draft Community Strategic Plan developed by KJA and Blackadder Associates. The draft Plan is currently on public exhibition, providing a second opportunity for people to help shape the future of their community through feedback on the draft plan.
